The Man Behind the Kiss.

When George Lindsay and his wife of New York City came before Magistrate Higginbotham some days ago with a domestic difficulty the latter ordered George to kiss his wife every day and to carry her occasional flowers. And the unthinking world applauded the decision of the modern Solomon.

However, as might be expected of a man with force enough in him to kick up a family muss, the man in the case dissented from the judge's decision.

"Kiss my wife because I must?" said Mr. Lindsay. "Not on your life. The jail for me rather than lose my freedom to kiss when and where I choose."

George is right. Forced kisses are blasphemy in the eyes of the god of love.

O, yes, we all know what women will say—when George was courting his wife he did not need a judge to tell him to kiss the girl. He thought she had the prettiest mouth for kissing in the world. And one kiss called for another, etc., etc. And by the way look you, it is presumable that those kisses met with cordial reciprocation and that eyes invited them, but—

To be compelled to kiss your wife, Aye, there's the rub. That is as bad as the blue laws of the Puritans which provided that no man should kiss his wife on Sunday, thus offering additional premium on osculation.

Kissing goes by favor and not by force. Who that is a man will blame George Lindsay for appealing from this new rule of law which tries to make a man loving by compulsion and a periodical kisser by duress?

And what woman would desire such formal and prescribed salutation of the lips? Behind the kiss must be the man—not a ninny.—*Kansas City World.*

Croup

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1.00. Sold by Arcadia Valley Drug Co.

One week's happenings pertaining to "graft" are presented by the New York World in this way: "Tuesday, June 20—President Roosevelt dismisses Minister Bowen for 'graft' in connection with Venezuelan mission, but refuses to remove Assistant Secretary of State Loomis, involved in the same transaction. Wednesday, June 21—President Roosevelt, in an open letter, lauds Secretary of the Navy Morton, a self-confessed violator of the law, and the new head of the Equitable Life Assurance society. Wednesday, June 21—New York State legislature convened in special session to investigate charges of 'graft' against Supreme Court Justice Warren B. Hooker. Wednesday, June 21—Superintendent of Insurance Hendricks reported that the charges of 'graft' made against the Equitable directors and officials had been established and sent the evidence to the Attorney General of the State and the District Attorney of New York county. Thursday, June 22—Attorney General Mayer announced proceedings against Equitable officials and directors to compel restitution of the company's money illegally diverted to personal uses. Friday, June 23—President Roosevelt despatches Assistant Secretary of State Loomis on a confidential foreign mission, although the latter had been reprimanded for his connection with the Venezuelan 'graft' by Secretary Taft, the executive head of his department."

There was quite an expensive wreck between here and Annapolis last week. A water-spout fell at the Hampton branch, a small stream about three miles long, and washed out a bridge and several feet of track. The rain commenced about 8 o'clock and lasted until about 1 P. M. No. 5, passenger train, with two engines, Nos. 1611 and 1616, going at the rate of forty miles an hour, dashed into the wash-out. One engine, 1611, got across without much damage, but 1616 was completely demolished. Five of the cars were ditched, one of which was loaded with twenty-eight fine race horses, two of the horses being killed and the rest injured. They were driven to Annapolis and taken in charge by the express company. They were valued at \$10,000 and the express charges were \$700 to Mexico. No one was killed or injured.

We are having lots of rainy weather. Corn is growing nicely, while wheat in the shock is being injured considerably. It is very bad on the farmers, as they were making ready for the hay harvest.

Alex. Tesrow threshed a couple of crops of wheat in this vicinity last week, and on moving to the third broke his engine down in Stout's creek. It was quite an expensive break, and we were sorry to hear of Alex's bad luck.

Splitting Headache

Can be often relieved by a nerve sedative, but the scientific way of treating a headache is to go right down to the real cause, or root of the trouble, and cure it with Dr. Caldwell's Syrup Pepsin. It is the only perfect cure for headache, dizziness, constipation, and is free from the dangerous after-effects, which so frequently follow the use of headache powders. Try it. Sold by Arcadia Valley Drug Co. at 50c and \$1. Money back if it fails.

Resolutions of Respect.

HALL OF VALLEY LODGE, }
No. 1870, K. of H.
WHEREAS, It has pleased our Heavenly Father in infinite wisdom to call from our beloved Brother and Dictator, William H. Byers; be it

Resolved, That by the death of Brother Byers, Valley Lodge Knights of Honor is deprived of a valued member and officer; one who was, in O. M. A. a true Knight, ever ready to assume any duty which he might be called by his Lodge; and one who was always prompt to respond to the distress call of any brother or brother's family.

Resolved, That, while we stand appalled at the suddenness of the summons to our brother, we reverently bow in submission, realizing and believing that His law is the law of love, and that He hath done all things well.

Resolved, That the deep and heartfelt sympathy of the brothers of this Lodge, a little band of five members, is extended to the bereaved family in this dark hour of trial. Knowing well, however, that human sympathy or human effort is powerless to assuage this grief or lessen the darkness of this sorrow.

Resolved, That in respect to Bro. Byers our charter and the gavel he used while presiding over our meetings be draped with the badge of mourning for the period of thirty days; and to perpetuate his memory, a page of our record be especially set apart for the reception of these resolutions.

Resolved, That, under the seal of our Lodge, a copy of this be sent to the family of Bro. Byers, and a copy each be sent to the local papers for publication.
